## THE NEXT-LEVEL PARASITE PROTECTION WE RECOMMEND. Ask us about One-And-Done, easy-to-apply, monthly parasite protection for cats!

\* NexGard® COMBO is currently being evaluated and has yet to obtain label indication for lice but latest evidence showed it is effective against lice infestation.

† NexGard® COMBO is approved by the European Medicine Agency (EMA) for the treatment of various parasitic infestations, including *I. hexagonus*, *R. sanguineus*, *N. cati*, *A. abstrusus* (Adults and L3 - L4), and *C. aerophila*. It is currently in the process of obtaining local claims.

Recommending an endectocide like NexGard® COMBO for Cats provides comprehensive protection for cats from internal and external parasites, and reduces zoonotic risk for families.

† All claims are based on the product insert obtained from the NPRA website as of the date this material was prepared. For any new claims, please refer to the latest product insert for the respective product.
